CIN member copy - 46 words (first paragraph) with 118 word version by adding second paragraph.

We are proud to be a member of the Certified Installer Network (CIN), representing over 100 door, window and conservatory installation companies across the UK. By using a CIN member, homeowners are assured a quality product, quality installation, clear terms, clear communication, professional conduct and an insurance-backed guarantee.

The Certified Installer Network helps consumers find the highest quality tradesmen with the best products. Every member of the CIN is vetted on a regular basis, has signed up to the 'CIN Charter' and complies with the 'CIN Better Fitters Code of Practice'. All CIN members belong to an appropriate governing body, such as FENSA or CERTASS, offering reassurance to homeowners every step of the way.
